BOTANICAL NAME (Genus species 'Variety')	COMMON NAME	MATURE SIZE	FULL SUN	PARTIAL SHADE		NATIVE	DROUGHT TOLERANT	SHALLOW WET / MOIST SOILS SOILS	NOTES
LARGER DECIDUOUS TREES									
Acer x fremanii 'Autumn Blaze'	Autumn Blaze Maple	50-60'	Х						Fast growth, Dense branching, Brilliant red fall color
Acer palmatum (hybrids)	Japanese Maples	Varies	X	X					Many outstanding hybrid varieties available
Acer platanoides 'Summershade' Norway Maple	Norway Maple 'Summershade'	60'	X	X			X		Heat resistant, fast growth, purple, grand scale
Acer rubrum 'Red Sunset' Acer saccharum 'Legacy'	'Sunset' Red Maple 'Legacy' Sugar Maple	50-60' 60'	X X	X X					Great fall color, Can use 'October Glory'. Vertical shape, Great yellow-orange fall color
Aesculus spp.	Buckeyes	Varies 20-90'	X	X					Showy flowers varies red to white, Shrub form to small trees
Betula nigra	River Birch	Eventually 50-90'	X	X					Often multi-trunked, Attractive bark, Very fast growth
Carpinsus caroliniana	American Hornbeam	25-30'	X	X	X				Understory tree along streams and ponds
Carya spp. Cladrasstis kentukea	Hickories American Yellowwood	50-80' 30-50'	X X						Fall leaves bright yellow, orange, brown, Deep tap roots Slow growth, Tolerant of many soils, Deep rooted, Fall color bright yellow
Diospyros virginiana	Common Persimmon	35-60'	X						Various fall colors, Tends to sucker
Fagus grandifolia	American Beech	60-80'	X	X					Stately form, Heat tolerant, Holds brown leaves all winter
Ginkgo biloba 'Autumn Gold'	'Autumn Gold' Ginkgo	40-50'	X						Great fall color.
Gleditsia triacanthos Halesia carolina	Honey Locust Carolina Silverbell	35-70' 30-40'	X	X					Gives filtered shade, Tolerates drought, cold, heat and wind Moderate growth, Snow white bell flowers hanging in spring, Yellow fall color
Ilex opaca	American Holly	Slowly to 50'	X	X		Х			Classic holly tree of the south
Juglans nigra	Black Walnut	70-80'	X	X		X			High branched, Oval to rould habit, Blackish brown bark
Liquidambar styraciflua 'Rotundiloba' (Hybrid of Native)	Sweet Gum 'Rotundiloba'	65'	X			X			Purple in fall, No fruit, Pyramidal shape.
Liriodendron tulipifera Magnolia acuminate	Tulip Poplar Tree Cucumber Tree	Fast to 60-90' 60-80'	X X	Х		Х			Needs rich soil, Shallow rooted Cold hardy, Makes dense shade
Magnolia grandiflora	Southern Magnolia	to 80'	Λ	Λ		х			8-10" white flowers in summer-fall, Evergreen, Pymiridal form, Skirt to the ground
Nyssa sylvatica	Black Gum	30-50'	X	X		X			Slow to moderate growth, Needs deep soil, Fall color yellow-orange to bright red
Ostrya virginiana	Hop Hornbeam	under 40'	X	X		X	••		Slow growth, Understory tree, Dark green turning to yellow in fall
Oxydendron arboretum Pisticia chinensis	Sourwood Chinese Pistache	25-30' 30-60'	X	X		Х	X X		Slowth growth, Drooping clusters small white flowers, Fall color orange-red Slow to moderate growth, Tolerates most soils & drought, Fall color orange to red
Pisticia chinensis Platanus occidentalis	American Sycamore	30-60' 40-60'	X	Х		х	Λ		Slow to moderate growth, 1 olerates most soils & drought, Fall color orange to red Very hardy, Irregular form, Drops leaves or seeds all year
Prunus serotina	Black Cherry	30-35'	X	X		X			Fast growth, Tolerates a variety of soils, Reseeds
Prunus spp. (including serrulata, yedoensis and incamp)	Flowering Cherry	20-40'	X	X					Variety of sizes, Graceful forms, Consistent gorgeous, spring blooms
Quercus alba	White Oak (Native)	50-80'	X			X			Slow to moderate growth, Best in rich, deep soils
Quercus coccinea Quercus falcata	Scarlet Oak (Native) Southern Red Oak (Native)	60-80' 70-80'	X X			X X	Х		Moderate to rapid growth, Best in rich, deep soils Moderate growth, Tolerates drought & poor soils
Quercus lyrata	Overcup Oak (Native)	40-60'	X			X	Λ	Х	Broad rounded crown, Likes moist soils along streams, lowland, swamps
Quercus muehlenbergii	Chinkapin Oak (Native)	50-60'	X			X			Medium to slow growth, Tolerates all soils
Quercus nigra	Water Oak (Native)	50-80'	X			X		X	Moderate to fast growth, Grows along stream banks & wet conditions
Quercus nutalli Quercus phellos	Nuttall Oak (Native) Willow Oak (Native)	40-60' 50-90'	X			X X		X X	Tolerates wet and variety of soils, Poisonous acorns, Dark green, Reddish in fall Fast to medium growth, Needs acid soil, Tolerates wet, Yellow to russet in fall
Quercus phenos Quercus rubra	Northern Red Oak (Native)	60-75'	X			X		^	Fast growth, Needs water, Deep rooted, Fall color dark red, ruddy brown-orange
Quercus shumardii	Shumard Red Oak (Hybrid)	60-80'	X				X		Tacego was process water, peop rooted, ran color dank red, raday provin orange
Taxodium distchum	Bald Cypress	50-70'	X			X		X	Rugged, Tolerates wet, Grows well in pond or along drainage
Thuja occidentalis	American Arborvitae	40-60'	X	X					Upright conical form, 'Fastigiata' grows to 25'
Tilia americana Tilia cordata	American Basswood Littleleaf Linden	60-80' 60-70'	X X			Х		v	Straight trunk, Large dense trees, 30-50' width, Flowers attract bees Dense pyramid with symmetrical crown, Tolerates shallow soil
Ulmus rubra	Slippery Elm	30-60'	Λ			х		X	Medium-sizes elm
Ulmus parvifolia	Lacebark Elm	40-60'	X						Fast growth, Semi-evergreen, Beautiful bark, Leathery dark green leaves
Zelkova serrata	Japanese Zelkova	40-60'	X						Substitute for American Elm, Regular watering, Deep rooted, 'Halka' best elm form
LARGER EVERGREEN OR CONIFER TREES									
Cedrus atlantica 'Glauca'	Blue Atlas Cedar Deodar Cedar	40-60'	X X						Magnificent specimen tree, silvery blue, Full Sun
Cedrus deodara 'Shalimar' Cryptomeria japonica	Japanese Cedar	varies 25-50' 50-60'	X						Very attractive lacy cedar, great character Tall conical, disease free
Cupressus arizonica 'Carolina Sapphire'	Carolina Sapphire Cypress	40' x 20'	X				X		Upright pyramidal habit, lacy blue green foliage, fast grower, heat tolerant
Juniperus virginiana	Eastern Red Cedar	40-50'	X	X			X		Conical, dark green, tolerates drought, poor soil
Pinus taeda Pinus strobus	Loblolly Pine Eastern White Pine	50-70' to 100'	X X						Tough tree/gives light shade, Can garden under. Native, fast growth. 'Fastigiata' selection among the most beautiful of upright pines.
	Eastern white rine	10 100	Λ						rvauve, iast growth. Fastigiata selection among the most beautiful of upright pines.
SMALLER FLOWERING TREES Amelanchier x grandiflora 'Autumn Brilliance'	Autumn Brilliance Serviceberry	25'	X	Х					Drooping clusters of white flowers in early spring, Fall leaves turn orange and red
Amelanchier canadensis	Serviceberry	10-12'	X	X		х			Native,Early spring small white blooms
Cercis canadensis	Redbud	15'	X	X		X			Native, reliable, shade tolerant
Cornus florida 'Cherokee Princess'	Cherokee Princess Dogwood (Hybrid)	15'	X	X		X			Hybrids are not diseased. Can use 'Cloud Nine'.
Cornus 'Constellation' (kousa x florida) Cornus kousa	Stellar Dogwood Chinese Dogwood	15' 15'	X X	X X					(Kousa X florida) Blooms 2 weeks later than our native dogwood No diseases, Blooms 1 month later than our native dogwood
Magnolia stellata	Star Magnolia	10-12'	X	X					Deciduous, Shaggy white spring blooms
Magnolia virginiana	Sweetbay Magnolia	10-20'	X	X		X		Х	Prefers moist, rich soil, Grows in swamps, 2-3" cream flowers JuneSeptember
Malus spp. (Native and special cultivated varieties)	Flowering Crab Apples	Varies 25-40'	X			X (some)			Select natives or disease-resistant varieties, More tolerant of wet soils than cherries
Prunus spp. (including 'Okame' and 'Autumnalis')	Flowering Cherry	15-25'	Х	Х					Classic cherry form, Fast growing, Yellow-orange fall color
SHRUBS Abelia grandiflora 'Little Richard'	Little Richard Dwarf Abelia	3'x3'		Х	Х				Reliable, white-pink flowers.
Abelia grandiflora 'Rose Creek'	Rose Creek Dwarf Abelia	3'x4'		X	X				Reliable long bloomer
Rhododendron azalea (Evergreen)		** · · ·	1						0 · · · ·
Rhododendron azalea 'Gumpo Pink'	Gumpo Pink Azalea	2'x3'	1	X	X				Low mounding form; hardy (small evergreen)
Rhododendron azalea 'Delaware White'	Delaware White Azalea	4'-5'	X	X	X				(large evergreen)
Rhododendron azalea 'George Tabor' Rhododendron azalea (Deciduous Exbury Hybrids)	George Tabor Azalea	4'-5'	X	X	X				Pink (large evergreen) Large flowers and deciduous
Rhododendron azalea 'Gibraltar'	Gibraltar Deciduous Azalea	5'x4'		X	X				Orange flowers
Rhododendron azalea 'Mount St. Helens'	Mount St. Helens Deciduous Azalea	5'x4'	1	X	X				Pink-orange flowers
Rhododendron azalea 'Cascade Pink'	Cascade Pink Deciduous Azalea	5'x4'	1 .	X	X				Pink flowers
Rhododendron graleg (Deciduous Nativa)	Admiral Semmes Deciduous Azalea	5'x4'	X	X	X				Flavore yanga from light vallous aroom nink aranga to -lt
Rhododendron azalea (Deciduous Native) Camelia sasanqua 'Cleopatra'	Flame Azalea -includes 'My Mary', 'Lisa's Gold' Cleopatra Sasanqua Camelia	5'x4' 4'x5'	х	X X	X				Flowers range from light yellow, cream, pink, orange to almost red. Rose-pink semi-double
Camelia sasanqua 'Yuletide'	Yuletide Sasanqua Camelia	4'x5'	X	X					Bright red
Camelia sasanqua 'Kanjiro'	Kanjiro Sasanqua Camelia	4'x5'	X	X					Large rose-pink
Cleyera japonica Hydrangea quercifolia 'Ruby Slippers'	Cleyera Ruby Slippers Dwarf Oakleaf Hydrangea	4'-5' 4'x4'	X X	X X	X X				Rich green leaves all year, Tolerates Sun to Full Shade White flowers turning pink to red, Red fall leaves
Hydrangea quercifolia 'Ruby Slippers' Hydrangea quercifolia 'Pee Wee'	Pee Wee Dwarf Oakleaf Hydrangea	4'x4'	X	X	X				White flowers turning pink to red, ked fall leaves White flowers turning pink in Fall with reddish leaves.
Ilex burfordii 'Needlepoint'	Needlepoint Holly	4'x4'	X	X					Great small holly
Ilex burfordii 'Nana'	Dwarf Buford Holly	4'x4'	X	X			**		Great small holly
Kalmia latifolia (Native) Kalmia latifolia 'Olympic Fire'	Mountain Laurel Olympic Fire Mountain Laurel	5'x4' 5'x4'		X X	X X	X	X X		Natives are drought tolerant once established. Natives are drought tolerant once established.
Kalmia latifolia 'Sarah'	Sarah Mountain Laurel	5'x4'	1	X	X		X		Natives are drought toler and once established.

BOTANICAL NAME (Genus species 'Variety')	COMMON NAME	MATURE SIZE	FULL SUN	PARTIAL SHADE	FULL SHADE	NATIVE	DROUGHT TOLERANT	SHALLOW WET / MOIST SOILS SOILS	NOTES
Nandina domestica 'Gulf Stream'	Gulf Stream Nandina	4'x2'	Х	Х	Х				Year round color, flowers and berries
Nandina domestica 'Harbour Dwarf'	Harbour Dwarf Nandina	2'x2'	X	X	X				Reliable, shade tolerant
Nandina domestica 'Harbour Belle'	Harbour Belle Nandina	2'x2'	X	X	X				Reliable, shade tolerant
Paoenia (herbaceous) 'Festiva Maxima'	Festiva Maxima Peony	from 0" in winter 3'	X	X					Flowers double white with red flecks
Paoenia (herbaceous) 'Sarah Bernhardt'	Sarah Bernhardt Peony	x3' from 0" in winter 3'	X	Х					Flowers large double pink
Paoenia (herbaceous) 'Karl Rosenfield'	Karl Rosenfield Peony	x3' from 0" in winter 3'	X	Х					Flowers double rose-red
Pieris japonica 'Mountain Fire'	Mountain Fire Japanese Andromeda	x 3' 4'x4'	х	х					Reddish new growth, clusters of hanging white flowers
Pieris japonica 'White Cascade'	White Cascade Japanese Andromeda	4'x4'		X	X				Heavy drooping clusters of white flowers
Pieris japonica 'Mountain Snow'	Mountain Snow Japanese Andromeda	4'x4'		X	X				Hanging clusters of white flowers
Pinus mugo mugo	Mugho Pine	Most to 4'	X	X			X		Low shrub form or short sculptural tree, Very slow growth, Only pine in part shade
Rhododendron 'Anah Krusche'	Anah Krusche Rhododendron	5'-8' 8'	X	X X	X X				Heat tolerant, Lavendar-purple blooms
Rhododendron 'Anna Rose Whitney' Rhododendron 'English Roseum'	Anna Rose Whitney Rhododendron English Roseum Rhododendron	6'		X Y	X				Heat tolerant, Huge trusses of rose flowers Heat tolerant, Lavendar flowers
Rhododendron 'Nova Zembla'	Nova Zembla Rhododendron	5'		X	X				Heat tolerant, Profuse red blooms
Rhododendron 'Roseum Elegans	Roseum Elegans Rhododendron	6'		X	X				Hardy to cold and heat, Pinkish-lilac flowers
Rhododendron 'Scintillation	Scintillation Rhododendron	5'		X	X				Heat tolerant
Rhododendron 'Vulcan'	Vulcan Rhododendron	4'		X	X				Heat tolerant, One of the best red flowers
Viburnum 'Shasta' Viburnum'Summer Snowflake'	Shasta' Doublefile Viburnum Summer Snowflake' Viburnum	8'x12'	X	X X					Amazing array of mid-spring white flowers
vidui iuni Juninei Juowiiake	Juniner Jirownake Viduffium	6'x4'	Х	Α					White blossoms all summer.
ROUND COVERS									
Ajuga reptans 'Catlin's Giant'	Bugleweed (large leaf form)	4"-6"	X	X	X			x	Evergreen, large green-bronze w/blue flowers
Dryopteris erythrosora Epimedium alpinum	Autumn Fern Alpine Epimedium	18" to 2' 6"-9"		X X	X X			X	Evergreen, New fronds are bronze, copper. Evergreen, Partial to Full Shade
Gelsemium sempervirens	Carolina Jessamine	2-3', varies (vine)	Х	X	Λ				Nearly evergreen, an array of bright yellow spring flowers
Hosta hybrids ('Francee')	Hosta Francee	varies		X	X]	Partial to Full Shade
Juniperus conferta 'Blue Pacific'	Blue Pacific' Shore Juniper	12" x 3'	X	X			X		Prostrate form, Great color, tolerates heat and drought once established
Juniperus horizontalis 'Blue Rug'	'Blue Rug' Horizontal Juniper	4"-6" x 3'	X	X			X]	Ground hugging, Great blue color, heat tolerant
Pachysandra terminalis	Pachysandra	4"-8"		X	X				Reliable med. green rosettes, needs light Shade, water
PERENNIALS / SMALL ACCENTS									
Achillea millefolium 'Moonshine'	Moonshine Yarrow	2'	Х						Light yellow blooms
Achillea millefolium 'Primrose Beauty'	Primrose Beauty Yarrow	10"	X						Pale yellow blooms
Achillea millefolium 'King George'	King George Yarrow	10" 12"	X X	х					Cream blooms
Aquilegia x hybrida Astilbe arendsii	Columbine (hybrids) Astilbe	18"-24"	X	X					Various colors, 'Songbird Bluebird'(large blue) Part Shade to Sun, Plumes of white, pink, rose
Dicentra spectabilis	Bleeding Heart	2'-3'	A	X	х				Best in Part Shade, Dormant in winter.
Festuca ovina 'Glauca'	Blue Fescue	6"	X						Great blue color with very fine texture. Full sun.
Helleborus orientalis	Lenten Rose	18"x2'		X	X				Blooms March-April: mauve to pink to white Shade
Heuchera 'hybrids'	Coral Bells	6"-8" x 1'	X	X					Evergreen, Choose solid colored leaves: bronze, purple, plum, red
Leucanthemum superbum	Shasta Daisy (hybrid)	18"-30"	X						'Snow Lady' Full Sun
Rudbeckia hirta ' Becky' Rudbeckia hirta 'Goldsturm'	Becky Black-Eyed Susan Goldsturm Black-Eyed Susan	18"-30" 18"-30"	X X						Full Sun Full Sun
Sedum hybrids (small leaves) Sedum	Sedum (Variety of Hybrids)	varies	X	Х			X		varies'Red Carpet', 'Angelina'(light green) Sun to Part Shade
Sisyrinchium atlanticum	Blue-eyed Grass	6"-8"	X	X					Naturalizing, grasslike leaves, small blue flwrs.
TURF GRASS (NATURAL AND MOWED)									
Scottish Links Turf Grass	Hybrid short fescue that will visually blend with grasses on the golf course								(Required for ALL LAWNS adjacent to McLEMORE GOLF COURSE)
BERMUDA grass of any hybrid or varitey shall NOT be used.	grasses on the gon course								Bermuda is to only be used on the golf course
Andropogon virginicus (Used only in naturalized areas.)	Broom Sedge Can be used in limited amounts.								
WILDFLOWERS NATIVE TO GEORGIA									
Dicentra spectabilis	Bleeding Heart	2'-3'		X	X	X			Best in Part Shade, Dormant in winter.
Geranium maculatum	Wild Geranium	12-18"	X	X		X			Pink to purple flowers in April-May on stems 12-18"
	Hepatica	6" 4-6"	X X	X X		X X]	White to pink to blue star flowers in March-April Rich blue to lavendar miniture Iris in April-May
Hepatica acutiloba		4-n	Λ		X	X X		1	Pink and white multiple flowers in April-May
Iris cristata	Crested Dwarf Iris Showy Orchis (Orchid)			Y					a min and a mine muniple nower a mappin may
	Showy Orchis (Orchid) Creeping Phlox	6-8" 8-10"	X	X X		X			Blue to pink to purple flowers in April-May
Iris cristata Orchis spectabilis Phlox stolonifera Podophyllum peltatum	Showy Orchis (Orchid) Creeping Phlox May-apple	6-8" 8-10" 10-18"	Х	X X	X	X			Has two prominent peltate leaves with flower and small edible fruit below
Iris cristata Orchis spectabilis Phlox stolonifera Podophyllum peltatum Polygonatum biflorum	Showy Orchis (Orchid) Creeping Phlox May- apple Solomon's Seal	6-8" 8-10" 10-18" 16=20"	Х	X	X	X X			Has two prominent peltate leaves with flower and small edible fruit below 2 foot long arching stems with axillary greenish flowers in April-May
Iris cristata Orchis spectabilis Phlox stolonifera Podophyllum peltatum Polygonatum biflorum Sanguinaria canadensis	Showy Orchis (Orchid) Creeping Phlox May-apple Solomon's Seal Bloodroot	6-8" 8-10" 10-18" 16=20" 8"		X X X X		X X X			Has two prominent peltate leaves with flower and small edible fruit below 2 foot long arching stems with axillary greenish flowers in April-May Beautiful clear white flowers onan 8"stem in moist woods, April-May
Iris cristata Orchis spectabilis Phlox stolonifera Podophyllum peltatum Polygonatum biflorum Sanguinaria canadensis Sisyrinchium angustifolium	Showy Orchis (Orchid) Creeping Phlox May-apple Solomon's Seal Bloodroot Blue-eyed Grass	6-8" 8-10" 10-18" 16=20" 8" 6-8"	x x	X X X X	X X	X X X X			Has two prominent peltate leaves with flower and small edible fruit below 2 foot long arching stems with axillary greenish flowers in April-May Beautiful clear white flowers onan 8"stem in moist woods, April-May Small blue flowers on flattened grass-like stems, June-July
Iris cristata Orchis spectabilis Phlox stolonifera Podophyllum peltatum Polygonatum biflorum Sanguinaria canadensis Sisyrinchium angustifolium Smilacina racemosa	Showy Orchis (Orchid) Creeping Phlox May-apple Solomon's Seal Bloodroot Blue-eyed Grass False Solomon's Seal	6-8" 8-10" 10-18" 16=20" 8" 6-8" 15-25"		X X X X	X X	X X X X			Has two prominent peltate leaves with flower and small edible fruit below 2 foot long arching stems with axillary greenish flowers in April-May Beautiful clear white flowers onan 8"stem in moist woods, April-May Small blue flowers on flattened grass-like stems, June-July Terminal flower cluster distinguishes this from true Solomon's Seal, May-June
Iris cristata Orchis spectabilis Phlox stolonifera Podophyllum peltatum Polygonatum biflorum Sanguinaria canadensis Sisyrinchium angustifolium	Showy Orchis (Orchid) Creeping Phlox May-apple Solomon's Seal Bloodroot Blue-eyed Grass	6-8" 8-10" 10-18" 16=20" 8" 6-8"		X X X X X	X X	X X X X			Has two prominent peltate leaves with flower and small edible fruit below 2 foot long arching stems with axillary greenish flowers in April-May Beautiful clear white flowers onan 8"stem in moist woods, April-May Small blue flowers on flattened grass-like stems, June-July
Iris cristata Orchis spectabilis Phlox stolonifera Podophyllum peltatum Polygonatum biflorum Sanguinaria canadensis Sisyrinchium angustifolium Smilacina racemosa Trillium catesbaei Trillium cuneatum Trillium grandiflorum	Showy Orchis (Orchid) Creeping Phlox May-apple Solomon's Seal Bloodroot Blue-eyed Grass False Solomon's Seal Catesby's Trillium Large-flowered Trillium	6-8" 8-10" 10-18" 16=20" 8" 6-8" 15-25" 10-12" 8-12"		X X X X X X X X	X X X X X	X X X X X X X			Has two prominent peltate leaves with flower and small edible fruit below 2 foot long arching stems with axillary greenish flowers in April-May Beautiful clear white flowers on an 8"stem in moist twoods, April-May Small blue flowers on flattened grass-like stems, June-July Terminal flower cluster distinguishes this from true Solomon's Seal, May-June White pendant flowers on 10-12" stems in May (Takes 6 years to flower) Brownish-purple petals on top of 3 mottled leaves, April-May Big bell-shaped white flower turning to pink in April-May
Iris cristata Orchis spectabilis Phlox stolonifera Podophyllum peltatum Polygonatum biflorum Sanguinaria canadensis Sisyrinchium angustifolium Smilacina racemosa Trillium catesbaei Trillium cuneatum	Showy Orchis (Orchid) Creeping Phlox May-apple Solomon's Seal Bloodroot Blue-eyed Grass False Solomon's Seal Catesby's Trillium Huger's Trillium	6-8" 8-10" 10-18" 16=20" 8" 6-8" 15-25" 10-12" 8-12"		X X X X X X X	X X X X	X X X X X X			Has two prominent peltate leaves with flower and small edible fruit below 2 foot long arching stems with axillary greenish flowers in April-May Beautiful clear white flowers onan 8 "stem in moist woods, April-May Small blue flowers on flattened grass-like stems, June-July Terminal flower cluster distinguishes this from true Solomon's Seal, May-June White pendant flowers on 10-12" stems in May (Takes 6 years to flower) Brownish-purple petals on top of 3 mottled leaves, April-May
Iris cristata Orchis spectabilis Phlox stolonifera Podophyllum peltatum Polygonatum biflorum Sanguinaria canadensis Sisyrinchium angustifolium Smilacina racemosa Trillium catesbaei Trillium grandiflorum Trillium grandiflorum Trillium yaseyi	Showy Orchis (Orchid) Creeping Phlox May-apple Solomon's Seal Bloodroot Blue-eyed Grass False Solomon's Seal Catesby's Trillium Large-flowered Trillium	6-8" 8-10" 10-18" 16=20" 8" 6-8" 15-25" 10-12" 8-12"		X X X X X X X X	X X X X X	X X X X X X X			Has two prominent peltate leaves with flower and small edible fruit below 2 foot long arching stems with axillary greenish flowers in April-May Beautiful clear white flowers on an 8"stem in moist twoods, April-May Small blue flowers on flattened grass-like stems, June-July Terminal flower cluster distinguishes this from true Solomon's Seal, May-June White pendant flowers on 10-12" stems in May (Takes 6 years to flower) Brownish-purple petals on top of 3 mottled leaves, April-May Big bell-shaped white flower turning to pink in April-May
